

Goulet Telecom International Launches a Partnership in Training with NTI

20 June 2007 (Montreal) – On 13 June 2007 Goulet Telecom International signed a Memorandum of Understanding (MoU) for a partnership in training with the National Telecommunications Institute of Egypt (NTI). Mr. Michel Bruyère, CEO of Goulet Telecom International, and Dr. Ahmed El Sherbini, Director of NTI, signed this MoU during the visit of the Egyptian Business Delegation in Montreal, organized by the Canada–Arab Business Council and by the Canada–Egypt Business Council. The Delegation was led by Dr. Tarek Mohamed Kamel, the Minister of Telecommunications and Information Technology of the Government of Egypt, and was composed of professionals from Egyptian telecommunications and IT organizations.

The MoU will allow Goulet Telecom International and NTI to jointly organized Training Programs in Egypt geared towards the improvement of capacity of the ICT sector players of the region.

About the National Telecommunication Institute (NTI)

The National Telecommunication Institute (NTI) was founded in 1984 to be a scientific institute with a university status affiliated to the Egyptian Ministry of Communications and Information Technology (MCIT). NTI is considered a center of excellence, a leading training and educational institution in Egypt, and a focal point for applied research activities in the field of telecommunications. The research and training facilities together with a team of highly qualified researchers and technical staff enhance NTI capabilities to provide services and support for the telecommunications sector not only in Egypt but also in the rest of the Arab world and the whole region.
