MONTREAL, February 2012 – Neotelis is pleased to announce that Visa Canada Corporation will be the Lead Sponsor of the 2012 Mobile Money Forum to be held 13-14 June 2012, at the Omni Mont-Royal Hotel in Montreal.

“As a leader in electronic payments, Visa Canada is proud to be the lead sponsor in a conference that brings together important stakeholders across mobile payments and mobile commerce ecosystems,” said Derek Colfer, Business Leader, Global Mobile Product Innovation at Visa.

Now in its third year, the 2012 Mobile Money Forum will cover topics on mobile payments, mobile banking, mobile transfers, and mobile commerce. Speakers and delegates from Canada, US and Western Europe will be in attendance.

“Visa is a key player in the mobile money ecosystem, making it an ideal lead sponsor for the 2012 Mobile Money Forum. We look forward to welcoming Visa and others for two days of networking, presentations, demos and discussions on the evolution, trends and important issues facing the industry,” said Michel Bruyère, CEO of Neotelis.

Past editions of the Mobile Money Forum have included speakers from Admeris, American Express, Belgacom, Canadian Imperial Bank of Commerce, Desjardins, Ericsson, Interac, KPMG, MasterCard, PayPal, Research in Motion, Rogers, Verifone, Visa, Western Union and others. Delegates represented diverse organizations including Bank of Montreal, Bell Canada, Canadian Radio-television & Telecommunications Commission, Canadian Wireless Telecommunications Association, CGI, Financial Consumer Agency of Canada, Gemalto, ING Direct, National Bank of Canada, Nokia, Orange, Scotiabank, TD Bank, Telenor and others.

About Neotelis (www.neotelis.com)

Founded in 1997 and headquartered in Montreal, Canada, Neotelis assists telecommunications organizations worldwide to face the challenges of the global competitive environment by providing training, consulting and other information-based services including conferences, webinars and social media. Neotelis has collaborated with telecom operators, regulators, governments, policy-makers, and other telecom stakeholders from more than 100 countries around the world.

About Visa (www.visa.ca)

Visa is a global payments technology company that connects consumers, businesses, financial institutions and governments in more than 200 countries and territories to fast, secure and reliable digital currency. Underpinning digital currency is one of the world's most advanced processing networks—VisaNet—that is capable of handling more than 20,000 transaction messages a second, with fraud protection for consumers and guaranteed payment for merchants. Visa is not a bank, and does not issue cards, extend credit or set rates and fees for consumers. Visa's innovations, however, enable its financial institution customers to offer consumers more choices: Pay now with debit, ahead of time with prepaid or later with credit products.
